PROFILE

I'm a motivated and skilled Senior Web Developer with extensive experience in React.js, Node.js, Express.js, MongoDB, and Redux. I'm passionate about building high-quality software and continuously stay up-to-date with the latest technologies, industry trends, and best practices.

WORK EXPERIENCE

Senior MERN Stack Developer (Contract)

Metaonus

2023 July - 2025 June

- **Full-Stack Proficiency:** Adept in both front-end and back-end development, delivering end-to-end solutions for eCommerce websites.
- **Payment Integration Expert:** Successfully integrated payment gateways like PayPal enhancing user experience and ensuring secure transactions.
- **Project Management Skills:** Contributed to requirement gathering, documentation, and project planning, aligning technical expertise with project goals.
- **Scalable Solutions:** Designed and developed applications with a focus on scalability, optimizing performance for high traffic and data volumes.
- **Testing and Debugging:** Detail your approach to unit testing, debugging, and troubleshooting to ensure a bug-free and stable application.

MERN Stack Developer

VNC Digital Services

2020 Jun - 2023 Jun

- Worked on various eCommerce website features such as Payment, Refund, Ordering, and Inventory, applying my skills as a MERN Stack developer to deliver high-quality and reliable solutions.
- Contributed to Requirement Gathering and documentation, Project planning for 3 projects, leveraging my skills in project management, communication, and technical expertise to meet project goals and expectations.
- Implemented payment and refund functionality using various payment gateways, such as PayPal and Stripe, to provide a seamless and secure eCommerce experience.

MERN Stack Intern

Packapeer Academy

2020 January - 2020 May

- Successfully completed an e-commerce project as an intern, delivering high-quality and reliable solutions within project timelines and budget.
- Currently contributing to the development of a new e-commerce project, demonstrating a strong work ethic, attention to detail, and willingness to learn new skills.
- Collaborating with cross-functional teams, including developers, designers, and project managers, to gather requirements, plan and execute development tasks, and ensure project success.
